*Re: In the Matter of the Rural Health Care Universal Service Support Mechanism
WC Docket No. 02-60 / Ex Parte Communication
Notice of Meeting with Douglas Sicker, Chief Technologist for the FCC*

Dear Ms. Dortch:

My name is Ken Fellman and I am an attorney representing Colorado Health Care Connections ("CHCC") and Rocky Mountain Healthnet ("RMHN"), collectively Colorado Telehealth Network ("CTN"). My client has filed Comments in WC Docket No. 02-60 (In the Matter of the Rural Health Care Universal Service Support Mechanism).

On September 27, 2010, myself, along with Steve Ward, Executive Director of CTN, met with Douglas Sicker, Chief Technologist for the FCC, to discuss the referenced matter. We spoke about issues raised in CTN's Comments and, more specifically, about CTN's recommendation to the Commission that (1) Paragraph 52 of the NPRM be revised to allow that short-term or operating leases be eligible for funding under the health infrastructure program; and (2) Paragraph 107 of the NPRM be revised to clarify that the term "participant" includes the Rural Health Care Pilot Program consortia created as a result of the Commission's Order of November 16, 2007 in this Docket.

Pursuant to Rule 1.1206 of the Commission's Rules, an electronic copy of this letter is being filed via the Electronic Comment Filing System (ECFS) in this matter.
